

HJR 51 -- Missouri Conservation Commission

Sponsor: Ruzicka

Upon voter approval, this constitutional amendment increases the number of members of the Missouri Conservation Commission from four to eight with not more than four members from the same political party. Each member must reside in a different geographical region under the map of regions used by the commission as of December 1, 2011. The terms of the members must be staggered so that no more than three terms end in the same year. A member may not serve more than two terms or 12 years, whichever occurs first.
